

# At the first sign of skin trouble apply Resinol

It improves a poor complexion and preserves a good one, so that you need no artificial means to enhance your attractiveness.

At the first sign of skin irritation, of a blotch or a pimple, itching or burning, apply Resinol Ointment, and see if it doesn't bring prompt relief. It contains harmless, soothing balsams, and is so nearly flesh colored that it may be used on exposed surfaces without attracting undue attention.

Your dealer sells it.

## JOHAN C. MANN IS CALLED BY DEATH

One of this city's best known bakers, Johan Christian Mann, aged 75 years, died yesterday afternoon at 2 o'clock at the residence of his daughter, Mrs. Bessie Alkema, 262 West Twentieth street. Mr. Mann came to Ogden from the Netherlands thirty-one years ago and has resided here since that time. For a number of years he was in the bakery business with his son. He was a member of the Seventh Day Adventist church and very well known in this city. Surviving are the following sons and daughters: Mrs. Bessie Alkema, Joseph Mann, Mrs. Elsie Eddy, Carl Mann, and Bryan Mann, all of Ogden. Sixteen grandchildren and one great-grandchild also survive.

Funeral services have been arranged for Thursday at 2 o'clock in the Larkin chapel and the casket will be open this afternoon and evening at the mortuary and tomorrow at the home of the daughter, Mrs. Alkema, 262 West Twentieth street, from 10 until 1 p. m. Interment Ogden city cemetery.

- (a) Some Band Rag.....Williams
- (b) Jazz Baby.....Jerome
- Selection from Floradora.....Luders
- Some Jazz Blues.....Lake
- Overture—Raymond.....Thomas
- Boston Commandery.....Jewel
- Star Spangled Banner.....Key

### ACTION AGAINST STATE.

FARGO, N. D., Aug. 20.—An action involving the power of the state of North Dakota to enforce the state grain act while the grain business is under the control of the United States food administration, was filed in the United States district court here yesterday.

The Embden Elevator company, resisting the state law and declaring its refusal to take out a license, contends that when the federal government took over the grain business, supervision, over the grain business, supervision, that the state lost all power to dictate how grain shall be handled. State officials charged with enforcing the state grain grading law, are made defendants.

## THAT CHANGE IN WOMAN'S LIFE

Mrs. Godden Tells How It May Be Passed in Safety and Comfort.

Fremont, O.—"I was passing through the critical period of life, being forty-six years of age and had all the symptoms incident to that change—head flashes, nervousness, and was in a general run down condition, so it was hard for me to do my work."

Lydia E. Pinkham's Vegetable Compound recommended to me as the best remedy for my troubles, which it surely proved to be. I feel better and stronger in every way since taking it, and the annoying symptoms have disappeared."

—Mrs. M. GODDEN, 925 Napoleon St., Fremont, Ohio.

Such annoying symptoms as head flashes, nervousness, headache, irritability and "the blues," may be speedily overcome and the system restored to normal conditions by this famous root and herb remedy Lydia E. Pinkham's Vegetable Compound. They themselves write the Pinkham Medicine Co., Lynn, Mass., for suggestions how to overcome them. The result of forty years experience is at your service and your letter held in strict confidence.

## RETURNING HUN PRISONERS ARE GIVEN RECEPTION

WITH THE AMERICAN FORCES IN GERMANY, July 27. (Correspondence of the Associated Press)—Public receptions and meetings planned by civilians in honor of returning German prisoners of war are not to be allowed in this district recently having been sent to the authorities of the local government. The German Red Cross has been collecting funds for several months in preparation for the homecoming of thousands of Germans from France and England.

A recent order by Major General Henry T. Allen, commander of the American forces in Germany, quotes a letter to the Ober-Präsident of the Rhine province as follows: "While sympathizing fully with the natural desire of the German people to accord a welcome to the returning prisoners of war, nevertheless, in view of the fact that the military occupation must continue until the treaty of peace is ratified by the allied governments, and particularly in view of the necessity of preventing any semblance of disorder which might compel a resort to disciplinary action, the commanding general directs that you have the returnees-prisoners of war reception, processions or any other public assemblies."

This will not, of course, be construed to prevent the Red Cross authorities from serving refreshments at railroad stations.

Constipation upsets the entire system—causing serious illness to the human family. Don't worry—Hollister's Rocky Mountain Tea will drive out constipation, regulate the bowels, tone the stomach, purify, cleanse. Without fail give it a thorough trial. 35c. McIntyre Drug Co.

## RAILROAD MEN MAKE DEMANDS

DETROIT, Aug. 19.—General chairman of the United Brotherhood of Maintenance of Way Employees and railway shop laborers today approved a new wage and working agreement already submitted to the railroad administration, calling for an increase in pay of approximately one dollar a day per man, time and a half for overtime and promotion by seniority.

The demands, it was said, affected all railroads in the United States, Canada and Central America and involved about 600,000 workers. Half of that number are members of the union.

A referendum now being taken is returnable August 24. Union officials declare 99 per cent of the men favor the proposed schedule and a general strike of all maintenance of way employees if their demands are not met.

The increase demanded would mean an annual addition expenses to the railroads of nearly \$190,000,000. Twenty-five per cent of the men engaged in maintenance of way work, according to union officials, receive less than \$2.50 a day, the minimum being 28 cents an hour for an eight-hour day. The \$1 a day increase demanded does not apply in full to the higher paid employees, the chief purpose being to make the low rated men the principal beneficiary.

The men also will demand a standardization of the rate of pay, it was announced. In many parts of the country, Allen E. Baker, grand president of the brotherhood, charged, parallel roads pay different rates for the same class of work.

## Sir Thomas Lipton Arranging for Next Year's Cup Contest

LONDON, July 21.—(Correspondence of The Associated Press).—Since his return to London from America, Sir Thomas Lipton has set about the task of completing his arrangements for next year's contest for the American Cup in earnest, says the Yachting World. The most important decision so far arrived at, Sir Thomas told a writer in that periodical, is to send the 23-metre Shamrock IV to America early next year to act as a trial boat in the tuning-up spins of the challenger, Shamrock IV. Asked who would have charge of the British boat, Sir Thomas replied W. P. Burton had consented to sail the challenger in the race for the American cup, and also take charge of the 23-metre Shamrock.

"Naturally, he will have his own professional skipper," Sir Thomas added. "Mr. Burton will also be responsible for engaging the crews of both boats, and, in fact, he will be in entire charge of the whole of the trials and the actual races on the other side. Charles E. Nicholson, her designer, is going over at an early date for the purpose of thoroughly examining Shamrock IV."

"Do you think any alterations are likely to be made in her?" Sir Thomas was asked.

"That is a matter which I am leaving to Mr. Nicholson's judgment. Many experienced yachtsmen are of opinion that Shamrock IV is far and away the best boat I have ever had to represent me in this great contest."

"If you lose this time, will you challenge again?"

"I have the greatest hopes that I shall be successful in this, my fourth attempt to bring back the cup, but if I am not successful I can only say that I shall give Mr. Nicholson an order to build another boat."

## PLENTY OF WORK FOR SOUTHERN NEGRO WORKERS

MEMPHIS, Tenn., August 19. (Correspondence of the Associated Press).—Plenty of farm and mill work, better wages than ever before paid and improved living conditions await southern negroes who have gone to the north and who now are said to be clamoring to return to the south, according to employers here.

Southern farmers and plantation owners want the southern negroes back. If there were some method of settling in touch with them it is declared the expense of their return to Dixie would be willingly borne. This will hold especially true for the next few weeks, because there is need of negroes who know how to take care of the cotton crop.

But these employers say they do not want northern-born and reared negroes. They would prefer to bring in foreign labor, they assert.

"We would not hesitate to pay the expense of a hundred or more negroes from Chicago or other northern cities to our place if we can get southern negroes, particularly negroes who have gone from Mississippi, Arkansas and Tennessee," said A. C. Lanco, vice president and general manager of the Chicago Mill & Lumber company, which owns more than 70,000 acres of timber and agricultural lands in northern Arkansas. "I think it is safe to say that every southern negro in the north would be brought back without expense to him if southern farmers and plantation owners knew where and how to get in touch with the southern-born. We don't want and will not have northern negroes."

The question of how to get in touch with negroes who have gone north was discussed at the Memphis meeting of the Southern Alluvial Land association several days ago and the subject will be a general order of business at the next meeting. The Association is an organization of bankers, land owners, chambers of commerce, planters and lumbermen of the lower Mississippi valley formed to serve, in a measure, the same purpose for the delta country as the chamber of commerce serves the town or city. At the last meeting it was said that there is a great need for more labor in the lower Mississippi valley and especially for negro labor acquainted with southern agricultural methods and with cotton growing and handling.

## Londoners Swept Off Feet By Joy of the Sailors

LONDON, July 26. (Correspondence of The Associated Press).—Londoners were swept off their feet by the enthusiastic joyousness of some hundreds of sailors from the fleet anchored at the mouth of the Thames and joined so heartily in the Victory day demonstration last night that there was dancing and singing in the wet, slippery streets of the West End within an hour of daylight today.

So many thousands had gathered for a night of merrymaking in the hotels and restaurants of the West End that when closing time came transportation systems were unable to take them home. As all those trains stopped soon after midnight, there was nothing left for thousands but to spend the night in the streets. Great crowds gathered in the vicinity of Piccadilly, Leicester Square and Covent Garden stations, and as it was raining gently the prospect was dismal.

"Are we downhearted," shouted a leather lugged sailor, and instantly came a thunderous response from scores of his comrades in the crowd, which was increased by answering shouts from soldiers and civilians.

There were many women in the streets, some of them in the patriotic costumes they had worn in the dancing earlier in the day. Introductions were not necessary in that atmosphere and at that time of night. Neither was music as long as the crowd could sing. So the dance was soon in full swing, thereafter there was music aplenty.

The dancing was in the roadway, all the way from Piccadilly to Leicester Square, for the sidewalks were thronged with other belated persons who watched the dance and cheered the dancers. Sailors everywhere were the leaders, although many demobilized soldiers joined in the festivities. Some American sailors were in the crowd. And all the time it rained in the crowd.

Toward morning the people began to tire. Some of them sought resting places in the doorways of shops and office buildings, while others simply sat on the sidewalks, leaned up against the buildings, to get such protection as the eaves afforded, and went to sleep. At some of the more important business houses along Regent street, to which many of the merry-makers drifted, even seven o'clock saw large numbers fast asleep.

### GEN. WOOD FOR MEMORIAL.

KANSAS CITY, Mo., Aug. 19.—Major General Leonard Wood was the chief speaker at a conference here today of the Roosevelt Memorial association for the district, made up of Missouri, Kansas, Colorado and Nebraska. The district quota in the \$5,000,000 memorial fund was announced as a quarter million, from each Missouri and Kansas; \$50,000 from Colorado, and \$75,000 from Nebraska.

### A DISCOVERY THAT BENEFITS MANKIND

Two discoveries have added greatly to human welfare. In 1835 Newton originated the vacuum process for condensing milk with cane sugar to a semi-liquid form.

In 1883 Horlick at Racine, Wis., discovered how to reduce milk to a dry powder form with extract of malted grains, without cane sugar.

This product HORLICK named Malted Milk. (Name since copied by others.) Its nutritive value, digestibility and ease of preparation (by simply stirring in water) and the fact that it keeps in any climate, has proved of much value to mankind as an ideal food-drink from infancy to old age.

Ask for HORLICK'S—Avoid Imitations

## PRICES OF SHOES BE INVESTIGATED

Want One Dollar a Day More Wages In Order Not Strike.

WASHINGTON, Aug. 19.—With adoption of the Igoo resolution, directing the federal trade commission to investigate increased shoe prices, the house today took first legislative action toward reduction of the high cost of living.

Previously the house voted down an amendment which would have extended the inquiry to other articles of clothing and food.

The house agriculture committee, considering legislation to extend the food control act to other necessities of life, to extend the powers of the act beyond the war time period to give the president authority to fix fair prices for necessities and to provide penalties for hoarding, today continued its hearings. Tomorrow Attorney General Palmer will appear before the committee.

The senate agriculture committee, after some members had held that the legislation as proposed by the attorney general did not clearly define what constituted profiteering, hoarding, postponed final action today.

Reports to the postoffice department today indicated that the war department's food surplus which was offered to consumers yesterday through the parcels post was meeting with a ready sale. Assistant Postmaster General Dockery today instructed postmasters that no war stamp tax was applicable to parcels post shipments of army foodstuffs.

Major General Barnardiston died. LONDON, Aug. 19.—Major General Nathaniel Walter Barnardiston, commander of the North China forces, died yesterday at Felixstowe.

Major General Barnardiston was in command of the British forces in the attack upon and the surrender by the Germans of Tsing-Tau in 1914.

## MINERS Will Be Tired of First Diet

Will Be Tired of First Diet

LONDON, July 26.—(By Mail).—American sailors on mine-sweeping duty in the North Sea, probably will not crave fish when they get back home. When mines are exploded in the process of clearing out the barrage, thousands of fish are killed. One of the little sub-chasers in the fleet scoops up hundreds of pounds of them each evening when operations cease for the day, and distributes among the several vessels for food. The men enjoyed it for a time, but now hate the sight of a fish.

One catch included a salmon which was cruising around miles off from land. Anglers say that a salmon should not be so far from land.

### CANADA WHEAT PRICES.

LONDON, Aug. 19, Via Montreal.—The wheat commission today fixed the following prices for imported wheat.

For 480 pounds—Canadian, \$12.50 to \$14.40; United States, \$12.96 to \$14.40; untreated, \$14.64; Argentine, \$14.16.
